1. Introduction

The **LGU Gingoog Agriculture Management System** is a web-based platform designed to help the Office of Agriculture in Gingoog City manage all agricultural data efficiently. It covers:

- Registration of farmers and fisherfolk
- Crop production tracking (planting, harvest)
- Fisheries and livestock management
- Inventory, equipment, and expense tracking
- Report generation
- User and role administration

Who Uses This System?

Role	Access Level
Administrator	Full access to all modules

Staff / Encoder	Access based on assigned permissions
Viewer	Read-only access to assigned modules

---

2. Getting Started

2.1 How to Login

1. Open your web browser and go to the system URL.
2. You will be redirected to the **Login Page**.
3. Enter your **Username/Email** and **Password**.
4. Click the **"Login"** button.
5. If your credentials are correct, you will be taken to the **Dashboard**.

> ***Note:*** *If you do not have an account, contact your system administrator.*

2.2 Forgot Password

1. On the Login page, click **"Forgot Password?"**
2. Enter your registered **email address**.
3. Check your email for a password reset link.
4. Click the link in the email and enter your **new password**.
5. Click **"Save"** — you can now log in with your new password.

2.3 How to Change Your Password

1. After logging in, go to **Settings** in the sidebar.
2. Navigate to **Change Password**.
3. Enter your **current password**, then your **new password**, then confirm it.
4. Click **"Save Changes"**.

2.4 How to Logout

1. Click your **profile icon** or **name** at the top-right corner.
2. Select **"Logout"** from the dropdown.
3. You will be redirected back to the Login page.

---

3. Dashboard Overview

The Dashboard is the first page you see after logging in. It gives you a quick summary of the entire system.

What You Can See on the Dashboard

Section	Description
Weather Widget	Current weather conditions for Gingoog
Total Farmers	Number of registered farmers
Total Fisherfolk	Number of registered fisherfolk
Total Crops	Number of crop types registered
Total Harvests	Total harvest records

Total Fisheries	Number of fishery records
Total Expenses	Total logged expenses
Recent Activity	Latest actions done in the system
Charts	Bar and Pie charts showing analytics
Quick Actions	Shortcut buttons to register farmers, fisherfolk, etc.

Steps to Use the Dashboard

1. After login, you are automatically on the Dashboard.
2. Review the **metric cards** at the top for quick counts.
3. Scroll down to view **charts** and **recent activity logs**.
4. Use **Quick Action buttons** (e.g., "Register Farmer") to go directly to registration forms.

---

4. Farmer Registry Management

This module manages the registration and records of all farmers in the city.

4.1 View All Farmers

1. Click **"Farmer Registry"** in the left sidebar.
2. A table will load showing all registered farmers.
3. Use the **Search bar** to find a specific farmer by name.
4. Use the **Status filter** to filter by Active or Inactive farmers.

4.2 Register a New Farmer

1. On the Farmer Registry page, click the **"Add Farmer"** or **"Register Farmer"** button.
2. A form/dialog will appear. Fill in the following details:
   - Full Name
   - Date of Birth
   - Gender
   - Contact Number
   - Barangay
   - Cooperative (if applicable)
   - Crop types being farmed
   - Farm location
3. Click **"Save"** or **"Submit"** to register the farmer.
4. A success notification will appear.

4.3 Edit a Farmer Record

1. On the Farmer Registry table, find the farmer you want to edit.
2. Click the **Edit** icon/button (pencil icon) on that row.
3. Update the necessary fields in the form.
4. Click **"Save"** to apply changes.

4.4 View Farmer Details

1. Click the **View** icon (eye icon) on a farmer's row.

2. A detail modal will open showing all information about the farmer including linked crops, barangay, and cooperative.

4.5 Delete / Deactivate a Farmer

1. Find the farmer in the table.
2. Click the **Delete** icon (trash icon) on that row.
3. A confirmation dialog will appear — click **"Confirm"** to proceed.

> ***Tip:*** *Deactivating a farmer keeps the record but marks them as inactive. Deletion permanently removes them.*

---

5. Fisherfolk Registry Management

This module manages the registration and records of all fisherfolk (fishermen/women).

5.1 View All Fisherfolk

1. Click **"Fisherfolk Registry"** in the sidebar.
2. A table will display all registered fisherfolk.
3. Use the **Search bar** to filter by name.

5.2 Register a New Fisherfolk

1. Click **"Add Fisherfolk"** or **"Register Fisherfolk"**.
2. Fill in the form:
   - Full Name
   - Date of Birth
   - Gender
   - Contact Number
   - Barangay
   - Cooperative (if applicable)
3. Click **"Save"** to register.

5.3 Edit a Fisherfolk Record

1. Click the **Edit** icon on the fisherfolk row.
2. Update the fields.
3. Click **"Save"**.

5.4 View Fisherfolk Details

1. Click the **View** icon on a row to see full fisherfolk information.

5.5 Delete a Fisherfolk Record

1. Click the **Delete** icon on the row.
2. Confirm the action in the dialog.

---

6. Cooperatives Management

Manage farmers' and fisherfolk's cooperatives (FFCA — Farmers/Fisherfolk Cooperative Association).

6.1 View All Cooperatives

1. Click **"Cooperatives"** in the sidebar.
2. A list of all cooperatives is shown.

6.2 Add a New Cooperative

1. Click **"Add Cooperative"**.
2. Fill in the cooperative details:
    - Cooperative Name
    - Type (Farmers / Fisherfolk / Both)
    - Location/Barangay
    - Description
3. Click **"Save"**.

6.3 View Cooperative Members

1. Click **View** on a cooperative row.
2. The detail page shows all members linked to this cooperative.

6.4 Edit a Cooperative

1. Click **Edit** on the cooperative row.
2. Update the fields and click **"Save"**.

6.5 Delete a Cooperative

1. Click **Delete** on the cooperative row.
2. Confirm to proceed.

---

7. Barangay Management

View and manage barangay (village) profiles and their linked agricultural data.

7.1 View All Barangays

1. Click **"Barangays"** in the sidebar.
2. A list/table of all barangays in Gingoog is shown.

7.2 View Barangay Details

1. Click **View** on a barangay row.
2. The detail page shows tabs for:
    - **Farmers** — farmers from this barangay
    - **Fisherfolk** — fisherfolk from this barangay
    - **Cooperatives** — cooperatives in this barangay
    - **Crops** — crops grown in this barangay
    - **Planting Logs** — planting activity in this barangay
    - **Registry** — summary data

7.3 Edit a Barangay Profile

1. Click **Edit** on a barangay row.
2. Update barangay details (name, topography, geographic info, etc.).
3. Click **"Save"**.

---

8. Cluster/Sector Management

Clusters group farmers or barangays by agricultural zone or sector.

8.1 View All Clusters

1. Click **"Clusters"** in the sidebar.

8.2 Add a New Cluster

1. Click **"Add Cluster"**.
2. Enter the cluster name and description.
3. Click **"Save"**.

8.3 Edit / Delete a Cluster

1. Click **Edit** or **Delete** on the cluster row and follow the prompts.

---

9. Crop Management

Manage the types of crops grown in Gingoog.

9.1 View All Crops

1. Click **"Crops"** in the sidebar.
2. All registered crop types are displayed.

9.2 Add a New Crop Type

1. Click **"Add Crop"**.
2. Enter:
    - Crop Name
    - Category / Type
    - Description (optional)
3. Click **"Save"**.

9.3 View Crop Analytics

- Each crop card or row shows how many farmers grow that crop type.
- A breakdown chart is available on the page.

9.4 Edit / Delete a Crop

1. Click **Edit** or **Delete** on the crop row and follow the prompts.

---

10. Planting Log Management

Record all planting activities done by farmers.

10.1 View All Planting Logs

1. Click **"Planting Logs"** in the sidebar.
2. A table shows all recorded planting activities.

10.2 Add a Planting Log

1. Click **"Add Planting Log"**.
2. Fill in the form:
    - Farmer (select from registered farmers)
    - Crop Type
    - Planting Date

    - Location / Barangay
    - Area (hectares or square meters)
    - Status (ongoing, completed)
3. Click **"Save"**.

10.3 Edit / Delete a Planting Log

1. Click **Edit** or **Delete** on the log row.
2. Confirm to proceed.

---

11. Harvest Management

Record crop harvests linked to planting activities.

11.1 View All Harvest Records

1. Click **"Harvest"** in the sidebar.
2. A table shows all harvest records.

11.2 Add a Harvest Record

1. Click **"Add Harvest"**.
2. Fill in:
    - Farmer
    - Crop Type
    - Linked Planting Record
    - Harvest Date
    - Quantity / Yield (kg or tons)
3. Click **"Save"**.

11.3 View Harvest Analytics

- Total harvest is shown on the metric card.
- Bar charts display harvest volume by crop type.

11.4 Edit / Delete a Harvest Record

1. Click **Edit** or **Delete** on the record row and confirm.

---

12. Fisheries Management

Manage fishery operations and production records.

12.1 View All Fishery Records

1. Click **"Fisheries"** in the sidebar.

12.2 Add a Fishery Record

1. Click **"Add Fishery"**.
2. Fill in details:
    - Fisherfolk / Operator
    - Fishery Type / Facility
    - Production volume
    - Date

3. Click **"Save"**.

12.3 View Fishery Analytics

- Charts on the page show fishery production trends.

12.4 Edit / Delete a Fishery Record

1. Use the **Edit** or **Delete** buttons on the row.

---

13. Livestock Management

Track and manage livestock animals owned by registered farmers or fisherfolk.

13.1 View All Livestock Records

1. Click **"Livestock"** in the sidebar.
2. A table shows all livestock records linked to farmers and fisherfolk.

13.2 Add a Livestock Record

1. Click **"Add Livestock"**.
2. Enter:
    - Owner — select from registered **Farmers** or **Fisherfolk**
    - Animal Type (Cattle, Swine, Goat, etc.)
    - Breed
    - Number of Animals (Population)
    - Health Status
    - Vaccination Status
    - Location / Cluster
3. Click **"Save"**.

> ***Note:*** *Only registered farmers and fisherfolk can be selected as livestock owners.*

13.3 Edit / Delete a Livestock Record

1. Click **Edit** or **Delete** on the row and confirm.

---

14. Inventory Management

Track farm supplies, materials, and stock levels.

14.1 View Inventory

1. Click **"Inventory"** in the sidebar.
2. All inventory items and their current stock levels are shown.

14.2 Add an Inventory Item

1. Click **"Add Item"**.
2. Fill in:
    - Item Name
    - Category
    - Unit of Measurement
    - Initial Stock Quantity

3. Click **"Save"**.

14.3 Record a Stock Transaction

To add stock (stock in) or remove stock (stock out):

1. Click the **Transaction** button or icon on an item row.
2. Select the transaction type: **In** (received) or **Out** (used/dispensed).
3. Enter the **quantity** and **date**.
4. Click **"Save"**.

14.4 View Transaction Logs

1. Click **View** on an inventory item.
2. A transaction history is shown for that item.

14.5 View Inventory Analytics

- Charts on the inventory page show current stock levels and usage trends.

14.6 Edit / Delete an Inventory Item

1. Use **Edit** or **Delete** buttons on the item row.

---

15. Equipment Management

Register and manage farm equipment and machinery.

15.1 View All Equipment

1. Click **"Equipment"** in the sidebar.

15.2 Add Equipment

1. Click **"Add Equipment"**.
2. Enter:
    - Equipment Name
    - Type / Category
    - Serial Number (if applicable)
    - Assigned Location / Cluster
    - Condition / Status
3. Click **"Save"**.

15.3 Edit / Delete Equipment

1. Use **Edit** or **Delete** buttons on the equipment row.

---

16. Expenses Management

Log and track all agricultural expenses.

16.1 View All Expenses

1. Click **"Expenses"** in the sidebar.
2. A table shows all expense records.
3. Use filters for:
    - **Date Range** — filter by start and end date

- **Category** — filter by expense type
- **Farmer** — filter by farmer name

16.2 Add an Expense

1. Click **"Add Expense"**.
2. Fill in:
    - Farmer (if applicable)
    - Category (seeds, fertilizer, labor, etc.)
    - Amount
    - Date
    - Description
3. Click **"Save"**.

16.3 View Monthly Expense Breakdown

- A bar/pie chart on the Expenses page shows cost breakdown by category and month.

16.4 Edit / Archive / Delete an Expense

1. Click **Edit**, **Archive**, or **Delete** on the expense row.
2. Confirm the action.

---

17. Reports

Generate and download agricultural reports.

17.1 View Generated Reports

1. Click **"Reports"** in the sidebar.
2. A list of all generated reports is shown.

17.2 Generate a New Report

1. Click **"Generate Report"**.
2. Select the **Report Type** (e.g., Financial, Production, Farmer Registry, etc.).
3. Set the **date range** or other filter criteria.
4. Click **"Generate"**.
5. The report will be processed and appear in the list.

17.3 Download / View a Report

1. On the reports list, find the report you want.
2. Click the **Download** or **View** button.
3. The report will open or download as a PDF.

17.4 View Report Analytics

- Charts on the Reports page show the breakdown by report type.

---

18. User Management (Admin)

Manage system users. **Only Administrators can access this module.**

18.1 View All Users

1. Click **"User Management"** in the sidebar under Access Control.

18.2 Add a New User

1. Click **"Add User"**.
2. Fill in:
    - Full Name
    - Email Address
    - Username
    - Password
    - Assigned Role
3. Click **"Save"**.
4. The new user can now log in with the credentials provided.

18.3 Edit a User

1. Click **Edit** on a user row.
2. Update the user's information or assigned role.
3. Click **"Save"**.

18.4 Delete / Deactivate a User

1. Click **Delete** on the user row.
2. Confirm the action.

---

19. Role Management (Admin)

Create and manage roles with specific permissions. **Only Administrators can access this module.**

19.1 View All Roles

1. Click **"Role Management"** in the sidebar under Access Control.

19.2 Create a New Role

1. Click **"Add Role"**.
2. Enter a **Role Name** (e.g., "Data Encoder", "Fishery Officer").
3. Under **Permissions**, check/tick the modules this role can access. Permission categories include:
    - Dashboard
    - Farmer & Fisherfolk Registries
    - Locations (Barangay, Cluster)
    - Production (Crops, Planting, Harvest)
    - Fishery
    - Livestock
    - Resources (Inventory, Equipment)
    - Finance (Expenses, Reports)
    - Access Control (Users, Roles)
    - System Settings
4. Click **"Save Role"**.

19.3 Edit a Role

1. Click **Edit** on a role row.
2. Modify permissions as needed.
3. Click **"Save"**.

19.4 Delete a Role

1. Click **Delete** on the role row.
2. Confirm to proceed.

> ***Warning:*** *Deleting a role will affect all users assigned to that role. Reassign users before deleting.*

---

20. Audit Logs

View a history of all actions taken in the system.

20.1 View Audit Logs

1. Click **"Audit Logs"** in the sidebar.
2. A table shows all recorded activities with:
    - **User** — who performed the action
    - **Action** — what was done (created, updated, deleted)
    - **Module** — which part of the system was affected
    - **Date & Time** — when it happened

20.2 Search / Filter Audit Logs

1. Use the **Search bar** to search by user name or action.
2. Use **date filters** to narrow down logs by time period.

> ***Note:*** *Audit logs are read-only. No editing or deletion of logs is allowed.*

---

21. System Settings

Configure global system preferences.

21.1 Access Settings

1. Click **"Settings"** in the sidebar.

21.2 Available Settings

- System name / branding
- General configuration options
- Theme preferences (light/dark mode)

---

22. Frequently Asked Questions

Q: I can't see a module in the sidebar. Why?
A: Your role may not have permission to access that module. Contact your administrator to request access.

Q: I accidentally deleted a record. Can I recover it?
A: Check with your administrator. Some records may be recoverable depending on system configuration.

Q: I forgot my password. What should I do?
A: Use the **"Forgot Password?"** link on the login page to reset it via email.

Q: The data is not updating in real time. What should I do?
A: Refresh the page. The system uses real-time updates via WebSocket — ensure your internet connection is stable.

Q: Can I export data to Excel?

A: Use the **Reports** module to generate reports. Exports are available in PDF format.

Q: Who do I contact for technical support?

A: Contact the system administrator or the IT support team of LGU Gingoog Office of Agriculture.
